

**Magnets** — For children under age six, avoid building sets with small magnets. If swallowed, serious injuries and/or death can occur.

**Small Parts** — For children younger than age three, avoid toys with small parts, which can cause choking.

# SHOP SMART, SHOP SAFE

**Ride-on Toys** — Riding toys, skateboards and in-line skates go fast and falls could be deadly. Helmets and safety gear should be sized to fit.

**Projectile Toys** — Projectile toys such as air rockets, darts and sling shots are for older children. Improper use of these toys can result in serious eye injuries.

**Chargers and Adapters** — Charging batteries should be supervised by adults. Chargers and adapters can pose thermal burn hazards to children.
