

## **DO NOT WAKE MY BABY!**

**Prevent  
unwanted  
sales calls  
from  
interrupting your  
baby's nap.**

---

Register your residential and/or cellular telephone numbers on the **Do Not Call Registry** and you will protect yourself and your family from most high pressure sales calls.

Telemarketers have 31 days to stop calling you after you register. Your registration is permanent.

---

*Register on-line at*  
**[www.donotcall.gov](http://www.donotcall.gov)**

*or call*

**1-888-382-1222**

(tty 1-866-290-4236)

## **Exceptions**

Although the program is designed to prevent most unwanted telemarketing calls, it will not stop all sales calls. The law provides for some exceptions.

Therefore, once you are registered, you may still receive telephone calls from certain groups, including:

- charitable organizations;
- religious corporations;
- political parties and committees;
- companies with whom you have a prior business relationship unless you advise them NOT to call you.
