

# Safe Travels

Before leaving home ...  
pack with safety in mind

- ⑥ bring along or rent a helmet if ATV, bike or skateboard riding will be part of the vacation activities
- ⑥ keep medicines in original, child-resistant packaging to prevent poisoning
- ⑥ call ahead to request a crib or bring a portable play yard, meeting current safety standards, when traveling with a baby

Upon arrival ...  
do a safety spot check

- ⑥ prevent strangulation by making sure window blind cords are out of reach of young children
- ⑥ prevent drowning by always closely watching children in and around pools and spas
